## Market Report February 28, 2019

*Where we market your cattle, not just sell them.*

*The difference equals an auctioneer and competitive bidding!*

Mother Nature sure has made for lots of extra work for everyone lately. But yesterday at the auction we learned who is really the maddest at Mother Nature. It's the cows! We had many wild, mean, mad cows. Good Luck everyone with the storms this weekend. Weigh cow and bull market was definitely stronger. We marketed some nice feeder cattle but not enough calves to test market. We have a couple really nice calf and feeder auctions coming up mid to late March. I want to see what the weather does before we set the dates.
